- Available in different designs and colors for a custom look

DrainsAccessories

Stylish new spa drain with faster drain. Introducing the new Spa Drain. Its classy new look provides a higher end appearance than others on the market, and its higher flow rate makes drainage faster and easy.

A brilliant combination that's the perfect fit for any spa. Spa owners will appreciate the reduced down time so they can get back to what they love doing most...relaxing in their spa.

- Drain flow is almost 60% faster than competitive models, so spas can be drained in half the time!
- New flange design has a contemporary appearance
- Flange is available in three standard colors – Grey, Silver and Dark Grey – and custom colors upon request (minimum quantities required)
- Available with a socket, or the only barbed body on the market. Barbed body uses the same clamp and tubing plumbing as jets

The Strength Of An Industry Leader

Balboa Water Group provides a full range of industry-leading products engineered to offer consistency, high quality and long service life.

Our experienced staff can supply consulting, design, and manufacturing support to help you achieve a particular stylized appearance, provide new capabilities, or offer a more economical alternative. Our customer service and distribution centers are strategically located to offer you immediate and reliable service.
