## Introducing the VS100 System, and update on a popular classic

The VS100 inherits the essence of Balboa's line of spa systems. It uses our classic, easy to operate panels, has minimal features needed for comfort, and is trustworthy. The VS100 is readily compatible with either domestic 120V or 240V input voltages for ease of installation. The pump has two speeds for two levels of comfort.

### Common Specifications

Voltage: 120VAC, 60Hz, 12A

Heater: 120V 1.0kW (rated at 120V)

### Measurements

### VS100 Specifications

System/Part Numbers	55296 with GFCI 55295 without GFCI cord
