

# INTRODUCING

## THE NEW LIFESTREAM JET COLLECTION

The world's most efficient hot tub jet on the market

### SPECS

- Engineered with a new dynamic interlocking technology (\*patent pending)
- All jet bodies are made of high temperature PVC for dimensional stability
- Labor friendly; Only one person jet installation necessary
- Effortless installation
- Time efficient
- Superior quality

## JET COLLECTION

### THE NEW LIFESTREAM JET COLLECTION

In a market focused on a fixed spectrum of spa jet types and methods, Balboa has set out with a new approach to building spa jets to bring the most innovative and sustainable solutions to market. With expert craftsmanship, unique designs, excellent precision and superior quality, the new Lifestream Jets are engineered with a patent-pending interlocking technology, which allows the jets to easily lock in place regardless of any high temperatures or shell movement. Available in three different body sizes and four different jet faces. The jet evolution our industry was waiting for.

LIFESTREAM JET COLLECTION	MATERIAL NO.	HOLE SIZE	JET BODY MATERIAL NO.	GROMMET MATERIAL NO.
2" Jet (50.8mm) Lifestream Directional	222001-XX	1.656" hole (42.0624mm)	22220-XX 2" Jet Body	2" grommet - 22290BL
2" Jet (50.8mm) Lifestream Fixed	222002-XX	1.656" hole (42.0624mm)	22220-XX 2" Jet Body	2" grommet - 22290BL
2.75" Jet (69.85mm) Lifestream Directional	222051-XX	1.656" hole (42.0624mm)	22222-XX 2" Jet Body	2" grommet - 22290BL
2.75" Jet (69.85mm) Lifestream Fixed	222052-XX	1.656" hole (42.0624mm)	22222-XX 2" Jet Body	2" grommet - 22290BL
3" Jet (76.2mm) Lifestream Spinner	223002-XX	2.343" hole (59.5122mm)	22320-XX 3" Jet Body	3" grommet - 22390BL
3" Jet (76.2mm) Lifestream Bearing Spinner	223003-XX	2.343" hole (59.5122mm)	22320-XX 3" Jet Body	3" grommet - 22390BL
3" Jet (76.2mm) Lifestream Directional	223001-XX	2.343" hole (59.5122mm)	22320-XX 3" Jet Body	3" grommet - 22390BL
5" Jet (127mm) Lifestream Directional	225001-XX	3.968" hole (100.7872mm)	22520-XX 5" Jet Body	5" grommet - 22590BL
5" Jet (127mm) Lifestream Spinner	225002-XX	3.968" hole (100.7872mm)	22520-XX 5" Jet Body	5" grommet - 22590BL
5" Jet (127mm) Lifestream Bearing Spinner	225003-XX	3.968" hole (100.7872mm)	22520-XX 5" Jet Body	5" grommet - 22590BL

#### Features

- Available in three different body sizes and four different faces
- Jet gaskets/grommets are made of a chemical resistant high temp rubber
- NEW Easy lock threaded inserts creating an easy lock in place with more security

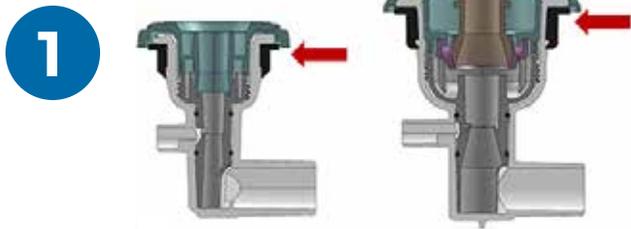

# Lifestream

## JET COLLECTION

### WHAT MAKES BALBOA'S JETS BETTER?

Lifestream Jets that use the dynamic interlocking system (\*patent pending)

The jet body interlocks with the grommet/gasket to create a slip proof seal, jet will not back out at high temperature and shell movement.

Easy lock threaded inserts

Easy lock in place; more secure

### Lifestream Jet Samples

2" fixed

2.75" directional

3" directional

5" directional

#### SPEED

This proven technology uses half the components of a standard spa jet, no spot facing or sanding necessary. The complete jet body install is done through the acrylic side of the shell, one person installation and thread lock jet inserts.

#### CLEAN

No fiberglass dust or messy silicone to deal with, clean and healthier work environment.

#### EASY

No more torque wrench's or special tools needed to install the jet, no special training needed.
